

MAJORS DIVISION

STRUCTURE EXPLANATION

Due to the large number of teams combined with the short length of the season, the teams are being divided into two conferences to ensure a fair and exciting league play. Each team will only play teams in their own conference throughout the duration of the regular season (5 matchweeks). Once the regular season has concluded, the top 2 teams of each conference will advance to the post season for the SCSL Majors Championship.

As the focus of the league is development, the other 8 teams in the league will proceed to their own post seasons in order to maximize the amount of game time each team receives. The 3rd and 4th place teams from each conference will enter semi-finals, with the winners of each competing for the SCSL Division II Majors Championship during the Championship weekend. Meanwhile, the 5th and 6th place teams will advance to semi-finals, with winners competing for the SCSL Division III Majors Championship during the Championship weekend.
